Fonts

Font problems are common because of the large variety of font manufacturers. Please include all fonts and screen fonts used in your document to ensure that your job prints to your specifications (even the most common fonts).

Customer Checklist

Are all of the files, support files and embedded files to be output on the disk? Did you make a backup of all of your files?
Did you label all disks?
Did you include a laser copy proof of all files?
Did you include your screen and printer fonts?
Did you indicate on your Print/Proof FPO?
Did you link all graphic files and are they indicated on your print/proof? Did you indicate color elements? (Pantone/CMYK values)
